

# 25 YEARS OF EXCELLENCE

CORPORATE ENVIRONMENTAL RISK MANAGEMENT

## WHERE IT ALL BEGAN

Since 1995, CERM has provided customized solutions to its energy, environmental, facilities, federal, transportation and water resources clients throughout the Southeastern United States. We are vested in helping our clients protect their interests through an interdisciplinary approach involving the management, design, engineering, and construction of their projects. We offer a collaborative approach to address our clients specific environmental, engineering and construction needs while supporting workforce and economic development. We apply our experience in surveying to improve transportation in urban settings while utilizing our remediation experience to make schools safer for teachers and their students.

## WHAT WE DO

CERM is staffed by a specialized team of over 120 full-time technical services and project management professionals including civil engineers, environmental scientists and surveyors possessing vast experience in managing and supporting construction, engineering, and environmental programs. Our company-wide services encompass six essential areas: Construction Management, Engineering Services, Environmental Management, Program Management, Remediation & Contracting and Survey & Mapping.

## PRESENT DAY

Headquartered in Atlanta, GA with branch offices in Mobile, AL and Orlando, FL and project offices in Birmingham, AL and Tampa, FL.

With over 120 Employees CERM empowers our Clients, Associates, Partners, and Community through the disciplined application of Integrity, Loyalty, Initiative, and Sustainability.

Partnering with our clients, helps us commit to delivering first-class service. Through our partnerships we're dedicated to serving the community that surrounds us. We have a proven track record you can trust, and we welcome the opportunity to deliver value in addressing your next project.
